## Families First People and Business Awards

Thank you!

The Families First People and Business Awards were held on Saturday Evening! There were many nominees in the category of "Women in Education". I was delighted to be named as one of the finalists! It was a fantastic night and it was delightful to be able to share the success of our growing school with the community! I would like to sincerely thank all of you who took the time to write a comment for the nomination. There was a computer issue at their end so I haven't seen all the comments but was so touched by the ones I have read! It does the heart good to hear that we are making a difference!
